

excellence in collaboration
projectplace.com

reach goals **together**

We provide powerful collaboration tools. Simple, scalable and secure.

Holistic project management

Execute projects on time and manage teams, tasks and deadlines. Get a complete view of who is doing what and when.

Seamless collaboration

Empower your teams to self-organize with kanban boards. Get activity notifications, messaging and visualize progress of day-to-day tasks.

Secure document sharing

Store, share and review files anytime, anywhere. Fully integrated with other file-sharing services.

“By using Projectplace, we were able to save a whole man-year in the project.”

Carlsberg Group
